Important Dates

On behalf of the management, staff and students of Blooms Academy, I am happy to welcome you to the 2022/23 school year! I extend a special welcome to all of our new pupils/students and their families.

We sincerely appreciate the parents who took time out of their schedule to attend our Parent-Teacher's Forum (PTF) and are equally looking forward to a productive partnership with you to ensure our children achieve their highest potentials. We recognize that to be successful in school, our children need support from both home and school. We promise to continue doing our best to ensure our learners get the best and want you to know that we will do our very best to carry out our responsibilities.

BLOOMS ACADEMY THEME FOR TERM 1

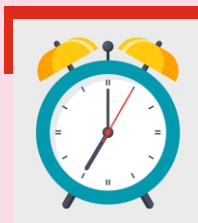

Our theme for Term 1 is **Have A Positive Productive Year (H.A.P.P.Y)** through determination and hard work.

We ask that you guide and support your child's learning by ensuring that he or she

- attends school daily and arrives on time, ready for the day's learning experience
- completes all homework and assignments given by

teachers

- reads daily to develop a love for reading and to improve literacy skills
- shares school experiences with you so that you are aware of his/her school life
- informs you if he/she needs additional support in any area or subject

MODE OF EXAMINATIONS

Our half-term examination is written as pen on paper, while the objective test of the End-of-Term examination is computer-based.

WHAT WE ARE INTRODUCING

We shall introduce more interesting and organised teaching pedagogies to ensure we provide quality education. Some of the changes are:

- Blended Learning in all subjects across the schools through the use of screen-recorded lessons
- Introduction to Math Mastery in the Primary Section

- Improved observation and assessment in Early Years
- Promote excellent writing and reading skills across Early Years, Primary and Secondary
- Training on Emotional Intelligence to support the welfare of children
- A much more consistent approach to our curriculum planning
- 'Every Child Matters' agenda and support for children with learning difficulties
- Introduction of point deduction to achieve better behaviours.
- We have recruited some experienced and outstanding teachers to join our team
- There have been amendments to some of our policies. This will be discussed during the orientation programme.

We believe that all the above listed will further help us in achieving our goals of academic, skill and character improvement. Please ensure to follow up on our weekly updates.
